# Saen

IT

Gabriele e Oscar Buratti interpretano per Alias la tipologia del tavolo a base centrale, fondendo l'eleganza del disegno alla ricercatezza materica. Nasce così saen, una famiglia di tavoli caratterizzata da una base importante che in un disegno fluido, continuo e morbido, diventa stelo esile e slanciato, in un contrasto formale molto forte.

DE

Gabriele und Oscar Buratti interpretieren für Alias den Tisch mit zentraler Basis und kombinieren elegantes Design und ausgesuchtes Material. So entsteht saen, ein Tischfamilie mit ausladender Basis welche mittels einem flüssigen, durchgehenden, weichen Design in einem feinen, schlanken Schaft endet.

EN

Gabriele and Oscar Buratti portray the table for Alias with a central leg, combining the elegance of the design with sophisticated materials. The result is saen, a tables family with an imposing base. Its fluid, continuous and soft design sees this table turned into a slender, willowy stem, creating a powerful contrast of shapes.

FR

Gabriele et Oscar Buratti créent pour Alias une table à piètement central qui mêle l'élégance du design à la recherche de la matière. Voici saen, une famille de tables caractérisée par un piètement imposant qui, par son design fluide, souple et continu, se transforme en une tige fine et élancée qui crée un vif contraste.
