PRODUCTS WOVEN OUT OF RECYCLED PLASTIC BOTTLES

We are getting used to seeing images of plastic washing up on shores and turning into mountains of trash everywhere in the daily news. With a problem this big, it calls for clever solutions. Because plastic can be more than waste: With the help of specialized technology, we have created a series of textiles made entirely from used plastic bottles that we use for our Desert Chair. This way, you get incredibly durable textiles while helping clean up the oceans. Seats, rugs, cushions, and mats made from plastic may not initially sound like you get textiles with a soft, lovely touch and feel. But the Desert Chair won't leave you longing for virgin wool. Not only is it practical, easily cleaned, and suitable for outdoor use, it also feels just as lovely as any other rug that comes your way. Turning plastic bottles into PET-yarn, from which you can weave, has five steps: Collecting bottles, crushing bottles and compressing them into compact entities, converting the compressed bottles into small chips, processing the chips in carding machines, and finally, you have a material you can spin into yarns.

Life is full of contrasts

As we navigate expectations and dreams in the search for meaning and comfort, we long for a balanced life with room for chaos and calm, moments of reflection and times of joy. A place where we can be ourselves, realise the true value of things and feel at home.

Based on a passion for authentic design and clear functionality, we challenge ourselves to shape the future and take pride in creating products that help you balance the contrasts of life.

Our soft forms, rich textures and deep colours allow you to create an authentic and composed atmosphere, while avant-garde shapes, striking patterns and curious details add a touch of the unexpected.

From our base in Copenhagen, we work with artisans around the world, fusing our Scandinavian mindset with global skills and traditions. We take our responsibility to people and the planet seriously and expect the same of our partners.

We create collections of furniture, accessories and lighting, so you can create space to feel comfortably you.

Welcome home.
