*Work sofa for
cosy offices*

NEW

now even more flexible

Who we are and what we do

Sedus Stoll AG was founded in 1871 and is one of the leading European manufacturers of office solutions. The product range includes seating furniture, such as swivel and visitor chairs, as well as office, conference and contract furniture – all “Made in Germany”.

The company headquarters is located in Dogern on the High Rhine in southern Germany. Another production site is in Geseke, North Rhine-Westphalia. Sedus is a company with a long tradition and 150 years of company history that has repeatedly set standards – in terms of ergonomics, manufacturing processes and sustainability. As a synonym for innovation, technology and aesthetics, Sedus constantly enriches the “office world” with new product ideas and contemporary concepts. Sedus puts a strong focus on current trends and changes in the world of work. New organisational structures and forms of work require flexible, aesthetic furnishings and custom-made solutions that enhance collaboration, communication and movement. A particular emphasis is placed on the health and well-being of the users.

se:works

Feel-good workplaces

Sofas in the office are no longer an exotic feature. Cosy seating areas can be found in many companies today. They create places of well-being and promote productivity – away from classic desk workplaces.

se:works is the ergonomic and multifunctional upholstered furniture that makes working environments cosy and yet leaves no doubt that it is meant for working.

Application areas

1. Lounge, waiting and reception areas
2. Quiet zones & retreats
3. Informal meeting zones, collaboration and meeting zones
4. Hubs & intermediate areas
5. (Executive) offices
6. Break areas, canteen, bistro & cafeteria

High-quality legs made of real wood
enhance the homely character

Elements with many possibilities

se:works is cleverly conceived with modular in design and has been perfectly engineered for multiple applications. The modules can be used individually or easily combined and connected. The range includes armchairs, sofas, individual workstations and bench elements with or without backrests. Privacy screens for open or screened solutions, shelves, tables as well as practical accessories for network and power connection complement the product range.

Individual elements, such as cushions, privacy screens and legs can also be ordered and fitted at a later stage. This means that existing configurations can be rearranged and adapted to new requirements.

Variability of dimensions

All linear se:works modules can be configured and ordered with centimetre precision.

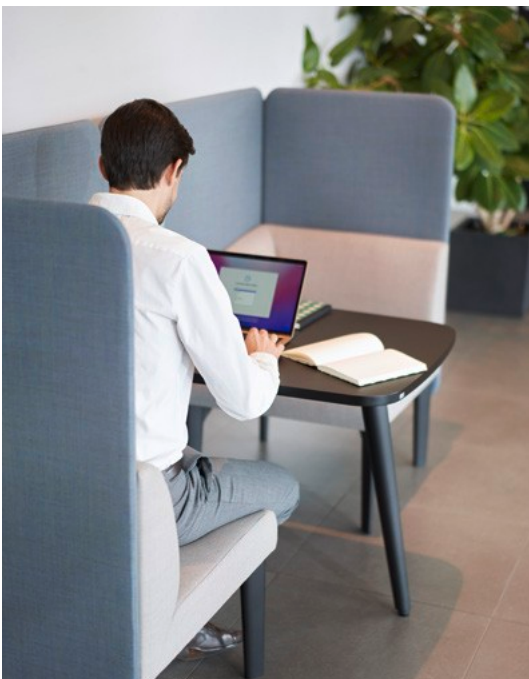

With various basic elements and numerous options for individual office design. Whether in open or modern spaces or for intricate floor plans in historical buildings: This way, every office space can be used in the best possible way.

Popular sofa designs are available already pre-configured

se:works diner

is a compact workstation that can also be used as a small meeting island.

Options:

- For 2, 4 or 6 people
- Organiser rail above the tabletop
- Various table sizes

PRIVACY SCREENS

Tranquility in sight

Whether it's a video call, informal conversation or retreat: Some work situations require a little more discretion. Privacy screens ensure that employees are not distracted by what is happening in the office – and vice versa. Anyone who sits here enjoys being able to work in peace whilst preserving the open character of the sofa.

Privacy screen, floor-level

privacy screen, standard

All elements with backrest are always available with privacy screens (can be subsequently fitted or removed), in standard and floor-level heights. This creates zoned spaces and places of retreat.

se:works focus light

is the ideal retreat that offers a break from the desk. As a stand-alone solution, it can be freely placed anywhere. Alternatively, several individual units can be arranged in any combination.

Options:

- Shelf: on the left or right
- Privacy screen: Standard or floor-level
- Writing tablet
- Castors
- Power and data cabling

OPTIONS AND ACCESSORIES

Perfectly complemented

Different environments require different furnishings: That's why se:works is easily complemented with the suitable accessories to meet individual wishes.

For working or as storage space: For se:works, desks are available in different heights and shapes. For example, the worktop standing table can be attached to the back of the privacy screen – for spontaneous exchange or a short coffee break.

6. Wireless charger for shelves for wireless charging of smartphones

VARIATION AND DIVERSITY

Customised design

With se:works, ergonomic, visual and haptic qualities are combined in a harmonious way. The design with clear lines and balanced proportions radiates lightness. Elegance with function is reflected in the distinctive, carefully modelled upholstery curvature in the lumbar region, which supports the back. High-quality fabrics and pleasant materials enhance the comfort experience. The skillful workmanship of the upholstery and seams is a sign of high quality. Any desired atmosphere is possible due to the large selection of variants and colours.

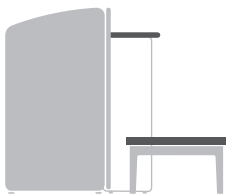

Upholstery

All upholstery can be selected from a wide range of fabric collections in the Sedus portfolio. This creates a large number of diverse and individual combination possibilities

Privacy screens

It is possible to order privacy screens in a colour different from the upholstery colour. Choose from a wide range of colours from the Sedus fabric collections

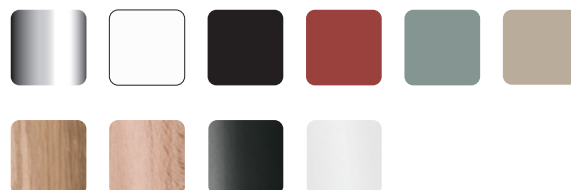

Desktops

The top colours of tables, shelves and worktops are available from the melamine collections (Wood Selection, Architecture Line, Colour Harmony) and linoleum

Bases/frames

Legs are available in natural oak or natural beech and in black or white. Aluminium legs are available polished or powder-coated in clear white, black, cayenne red, fjord green and sand beige

Beautifully designed

Sedus colour schemes

A harmonious environment contributes significantly to well-being and productivity. Thoughtfully designed furnishings, pleasant material and surface combinations as well as the choice of colour accents optimally complement the overall appearance. The four colour schemes Smart Balance, Urban Living, Soft Being and Multi Creation can be used to design working environments and suitable se:works settings.

Smart Balance

light, reduced, calm, structured, functional, technical

Urban Living

comfortable, respectable, urban, elegant, intense, timeless

Soft Being

gentle, calm, balanced, natural, inviting, regenerative
