

DABLIOU

SOFAS AND ARMCHAIRS | Outdoor
STUDIOPEPE

Designed by Studiopepe for Baxter, the Dabliou armchair is an outdoor piece that distils the spirit of Italy's legendary 1960s beach resorts into a contemporary expression of elegant ease. Its design, a perfect balance between clean lines and carefully measured proportions, combines visual lightness with reassuring solidity—thanks to the use of a coloured tubular metal frame that sketches a timeless geometric silhouette. The padding, crafted to coexist gracefully with the natural elements and endure their shifting moods, welcomes the body in a soft, embracing gesture—never compromising on aesthetic clarity or elegance. Dabliou makes a subtle statement in outdoor environments, turning panoramic terraces, private gardens, and poolside areas into unique, character-filled settings—where design is not only seen, but felt. An essential, versatile piece, Dabliou is ideal both as a standalone statement and as part of a curated composition, creating a refined and harmonious living setting.

Structure: polished 316 stainless steel frame or powder-coated 316 stainless steel frame with finish of choice.

Seat and backrest with natural paper cord weaving, diameter 8 mm.

Padding / Filling: padding in differentiated density polyurethane foam with a water-repellent cover for outdoor use.

Decoration: details in polished 316 stainless steel or satin brass with matte paint.

Covering / Coating: removable upholstery.
