
Bend-Sofa

SOFAS

Patricia Urquiola

Description

It conveys the impression of having been moulded by an artist but actually derives from a study of 3D models and digital research. It seems a monolith that has been shaped by subtraction, rounded and moulded by the designer. The irregular shape enhances comfort, the contrasting seams define the design and movement. Bend Sofa combines manual skills and technology, solidity and strength, along with considerable flexibility in terms of use ensured by the extensive range of models. The distinctive originality of Bend-Sofa is combined with a detailed compositional study. The corrugated modules whose assembly starts with the seating, ottoman and corner elements allow a broad range of possible solutions - from linear versions in compact sizes for use in areas with limited space, to layouts that are complex and far-ranging.

Technical information

Internal frame:

tubular steel and steel profiles

Internal frame upholstery:

Bayfit® (Bayer®) flexible cold shaped polyurethane foam, polyester fibre cover

Back cushion (B40C-B55C):

upholstery : down feather + polyurethane insert, typology : box style, stitchings : zig zag

Support (BS-BSB):

visco-elastic polyurethane, polyester and cotton fibre cover

Feet:

black colour thermoplastic material

Cover:

fabric or leather (zig zag stitchings)

B&B Italia reserves the right to make technological and aesthetic improvements to its models, including changes to the sizes and materials, without notice. The technical drawings do not define the details of the product. The measurements shown are indicative and may undergo changes. In particular, the dimensions relevant to the padded parts are subject to usage tolerances over time caused by the normal adjustment of the padding. For the specific information, please contact the dealer closest to you.
