
Landscape

CHAISE LONGUE

Jeffrey Bernett

Description

A flying seat with a basic profile placed on a steel frame: the chaise longue Landscape has become a genuine bestseller, enriched over the years with variants and details studied to enhance comfort and elegance. All variants of the chaise longue have a headrest with magnet for it to be positioned as desired.

Technical drawings

B&B Italia reserves the right to make technological and aesthetic improvements to its models, including changes to the sizes and materials, without notice. The technical drawings do not define the details of the product. The measurements shown are indicative and may undergo changes. In particular, the dimensions relevant to the padded parts are subject to usage tolerances over time caused by the normal adjustment of the padding. For the specific information, please contact the dealer closest to you.
