
Button Tables

SMALL TABLES

Edward Barber and Jay Osgerby

Description

Multipurpose tables with lacquered cylindrical bases that taper in slightly at the bottom smoothing out their geometry. There are two oval variants accompanied by a third with a round shape. All have a marble top with a raised edge resembling a tray. A formal exercise is created through the combination of different materials, the contrast between the hardness of marble, soft design and minimal details giving the illusion of imperceptible movements of form.

Technical drawings

B&B Italia reserves the right to make technological and aesthetic improvements to its models, including changes to the sizes and materials, without notice. The technical drawings do not define the details of the product. The measurements shown are indicative and may undergo changes. In particular, the dimensions relevant to the padded parts are subject to usage tolerances over time caused by the normal adjustment of the padding. For the specific information, please contact the dealer closest to you.
