

OKI. Design: EOOS.

The highlights: lightness, balance and geometry – Oki is an exceptional implementation of the basic tenets of minimalist design. The dainty wire framework carries the table top. The surface has been finished by hand in an elaborate labour of love: brush-finished brass with its unique patina effect moves our very soul. Elegant, pleasantly velvety and at the same time sensuously warm. No one table is the same as the next.

Product description

Modell no.

131
