
Kaleidos

ACCESSORIES

CR&S

Description

The Kaleidos collection of carpets helps to create refined outdoor areas. The carpets are characterised by a braided structure made using a multicolour blend of 100% polyolefin carpet yarns, marked by permeability and breathability, which make the products entirely suitable for use outdoors. All the products are reversible. The carpets are available in standard sizes (rectangular of cm 200 x 300, 250 x 350, 300 x 400). Moreover, they can also be cut to size.

Technical information

Carpet

braided ropes with dyed Olyna FLYER® fibre

Composition

100% polyolefin

Technical drawings

B&B Italia reserves the right to make technological and aesthetic improvements to its models, including changes to the sizes and materials, without notice. The technical drawings do not define the details of the product. The measurements shown are indicative and may undergo changes. In particular, the dimensions relevant to the padded parts are subject to usage tolerances over time caused by the normal adjustment of the padding. For the specific information, please contact the dealer closest to you.
