

Mamba

Designer	Victor Vasilev
Year	2012-2021

A perfect synthesis of functionality and aesthetics, the Mamba collection by Victor Vasilev integrates seamlessly into both living and sleeping areas, effectively addressing the needs of the contemporary home office. A continuous line shapes a wall-mounted shelf with sinuous, elegant forms, which can also function as a desk. In the Light version, the dimensions are reduced, and the colour palette is expanded, making Mamba Light an exceptionally versatile piece suitable for a variety of spaces and uses.

Mamba

Matt white Cristalplant®, a composite material made up of natural minerals, acrylic material and polymer polyesters.

Version with white LED available.

Note

Wall mounting with brackets.

Mamba Light

Lacquered
