unPIZZO

Description

unPIZZO, a design studio and textile handicrafts laboratory specialized in interlacing for furnishing, continues its research on the revival of ancient craft techniques with Tramae, a brand new ottoman for B&B Italia. Available in three dimensions, this small object full of character stands out for its hexagonal shape, which is rounded until the edges are no longer visible. The surface shows a singular dynamic mix of materials and colors that come to life through an exclusive weave that reinterprets the tradition of wicker basket making in a contemporary key. At the end of its lifespan, Tramae can be dismantled completely so that each component can be separated and disposed of in the best way for each material.
