# Erica '19

CHAIRS

Antonio Citterio

## Description

The Erica collection of sofas, armchairs and small chairs that was so successfully launched in 2017 has been enhanced by new sofas, still based on the same characteristic curved backrest and interlacing as before but offering a deeper seat and lived-in appearance. The sofas come in three extra-comfortable sizes - the 170 and 216 cm styles with a 96 cm deep seat and the 153 cm version with a 140 cm deep seat - and the cushions have a different type of upholstery giving an even softer and more natural look and making them even more inviting. The unusual colour juxtaposition of frame and interlacing in anthracite, tortora or a frame in sage with natural coloured interlacing can be complemented by a vast range of cushion covers, in an array of tones and designs, all co-ordinating with each other. There is also a chair with armrests with an innovative interlaced backrest.

---

## Technical information

### Frame

die-cast aluminium and extrusions with polyester powder painting

### Back upholstery

ecogreen (polyethylene and polyester blend), cover in water repellent polyester fibre

### Back upholstery (British Standard version)

polyester fibre and polyurethane combination

### Seat upholstery

shaped polyurethane, ecogreen (polyethylene and polyester blend), cover in water repellent polyester fibre

### Seat upholstery (British Standard version)

shaped polyurethane, Solotex fibre and visco-elastic polyurethane combination, cover in water repellent polyester fibre (with heat-sealed ribbon)

### Seat webbing

polypropylene fibre and synthetic rubber threads

### Interlacing

polypropylene fibre braid

### Ferrules

thermoplastic material

### Waterproof cover cloth

PES fabric coated on one side in PU

### Cover

fabric in limited categories (with profile)

### Cover (British Standard version)

fabric in limited categories (without profile)
