Rosso Lepanto Hidro
Rosso Lepanto

Piano tamburato rivestito in **alpaca, in rame antico o in ottone antico**, con vernice opaca. Gamba cilindrica in curvato di multistrato rifinito con cemento Terra Cruda (finitura impermeabile minerale, semi deformabile cementizia monocomponente) spatolato a mano da maestri artigiani. Gamba sagomata con forma irregolare in multistrato con rivestimento in pietra con olio protettivo idrorepellente.

Varianti gamba pietra: **marmo Ocean Storm, marmo Rosso Lepanto Hidro; granito Patagonia; quarzite Geode, quarzite Rocky Mountain e onice Brioche Hidro.**

Eventuali imperfezioni presenti, che sono da attribuirsi alla naturalezza delle pietre, possono essere resinate e non sono da considerarsi difetti.

Blocchi e lastre variano visibilmente in quanto pietre naturali; tutte le immagini sono puramente indicative.

Honeycomb-core top covered with **alpaca, in antiqued copper or antiqued brass**, with matte varnish. Curved poplar cylindrical-shaped leg finished with Terra Cruda concrete (mineral waterproof finishing, semi-deformable mono-component cementitious material) hand-paddled by master craftsmen. Plywood contoured leg with irregular shape with stone covering with water-repellent protective oil.

Leg stone versions: **Ocean Storm marble, Hidro Rosso Lepanto marble; Patagonia granite; Geode quartzite, Rocky Mountain quartzite and Hidro Brioche onyx.**

Any blemishes, that are attributable to the naturalness of stones, can be resin-filled and are not to be considered as defects.

Blocks and slabs visibly vary as these are natural stones; all pictures are just a rough guide.
