## La Plus Belle

Designed by Philippe Starck, 2019

60W - 2700K

Plus Belle is a mirror with incorporated light sources. The aluminium frame is available in various finishes (brushed gold, brushed copper, polished bronze and brill, and houses high chromatic rendering led light sources (CRI 95) and an optical opal silicone diffuser. The mirror is made of 6 mm extra-clear glass, with a layer of safety and aesthetic film to the rear, and it is fixed to the frame by means of a polycarbonate glazing bead. The Plus Belle mirror is hung from the wall by means of an aesthetic effect hook with a dual magnet fixing device to keep it in position. It is powered by means of a wall-mounted power supply unit or IEC cable and connector socket. The optic sensor command fitted to the mirror or remote 0-10/1-10 V - PUSH - DALI control can be used as a dimmer to adjust the light intensity by 10% to 100% in either direction.
