|----------|--------------------------------|
| Designer | Bruno Fattorini, Robin Rizzini |
| Year | 2016 |

Minima 42 is a modular and versatile system defined by its essential design, making it ideal for any setting, from residential spaces to public environments.

Featuring an aluminium structure and shelves, the system offers remarkable horizontal extension, while the 42 cm shelf height has been carefully designed to ensure maximum versatility, accommodating objects of various sizes with ease.

Thanks to its modularity, Minima 42 adapts to a variety of configurations. The storage units — available with flap opening door, drawers, or open cabinets — rest within the structure and can be easily repositioned, offering endless customisation possibilities to meet both aesthetic and functional needs. This flexibility allows for tailored solutions that evolve alongside the project.

For added security and functionality, storage units with flap opening door and drawers can be equipped with locks, making Minima 42 an ideal choice for offices and contract spaces where an additional level of protection is required.

The high-quality materials and attention to detail make this system a durable and versatile choice, enhancing any space with its understated and contemporary aesthetic.

Uprights and shelves

Frames and shelves made of extruded aluminium matt painted and assembled using a concealed joining system. Aluminium frame with a 1.5x1.5 cm section and shelf thickness of 1.5 cm. End frames are equipped with an extruded aluminium pressure cap.

Cabinets. Rop-leaf door/Drawers

L60/90 D33 H42 cm

Medium-density wood fibreboard with variable thickness, available in a matt micro-textured lacquered or wood veneer finish.

- Flap door: door equipped with downward compass opening, with retractable mechanism with a stainless-steel cable, shock-absorbing system, adjustable in intensity and strength in the closing and opening phases.

- Drawers: double drawer equipped with push-pull opening system, with totally extractable guides.

Cabinets. Open

L30 D33 H42 cm

8 mm thick medium-density wood fibreboard, available in a matt micro-goffered lacquered or wood veneer finish.
