

**MASON.** Design: Wolfgang C. R. Mezger.

---

The geometric base carries the slimline table top in solid wood. Angles and parallel lines, expanse and contours, materials and details create an impressive combination. Mason is truly majestic in the precision of its shape: the base in black chrome traces soft radii and fine reflections. The result is a welcome reduction characteristic of modern lightness. The base also comes in highly polished chrome. Matching sideboards and highboards in solid wood complete the range.

## Product description

---

### Table

#### Modell no.

2810

---

#### Table top

Solid wood.  
Oak white pigmented, oiled (.10wo).  
Oak natural, oiled (.12wo).  
Oak fumed, oiled (.13wo).  
Oak burned, oiled (.14wo).
